Dear Colbert County Customer,

Due to the increase in residential development and disposal cost we are forced to re-evaluate our garbage collection routes in Colbert County to make it more efficient and economical for us and the residents. To better serve everyone we will be changing our garbage collection routes beginning January 1, 2024. Thursday garbage pick up day will move to Friday and Friday pick up day will be picked up on Thursday. We apologize for any inconveniences but this is a necessary change. Please remember that your garbage should be out at 6:00 am. That is the time we start pick-up and especially on holidays because we run an extra garbage truck so that our employees can get finished and spend time with their families. Please feel free to call us at 256-383-9918 if you have any question.

Respectfully,

Jake Flannagan  
Manager
